

MURASOLIMARAN E

AI Developer | Full Stack Developer

+91 9361437723 | murasoli2846@gmail.com | Tiruvannamalai, Tamil Nadu | linkedin.com/in/murasoli-maran | github.com/murasolimaran-ai

PROFESSIONAL SUMMARY

B.Tech graduate in Information Technology with hands-on experience in Python, Artificial Intelligence (AI), Machine Learning, Generative AI, Retrieval-Augmented Generation (RAG), and Full Stack Development. Experienced in developing AI-powered applications through academic projects and internships. Authored the self-published AI e-Book, *The Power of Artificial Intelligence*, and published an AI research paper. Passionate about developing innovative AI solutions and continuously enhancing technical expertise.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Web Technologies: HTML, CSS, JavaScript

Machine Learning & AI: Machine Learning, Deep Learning, Retrieval-Augmented Generation (RAG)

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow, Flask

Databases: MySQL, MongoDB

Data Visualization: Power BI, Microsoft Excel

Developer Tools: VS Code, Jupyter Notebook, Google Colab, Git & GitHub, MySQL Workbench

Soft Skills: Communication, Problem Solving, Teamwork, Workshop Facilitation, Time Management

INTERNSHIP EXPERIENCE

Data Science Intern — *OneYes Infotech Solutions Pvt. Ltd., Chennai*

Oct 2025 – Dec 2025

- Worked on real-world Data Science and AI projects in a professional environment.
- Performed data preprocessing, analysis, and Machine Learning model development.
- Collaborated with cross-functional team to deliver data-driven solutions, improving analytical thinking and project delivery skills.

Artificial Intelligence Intern — *Hackwit Technologies Pvt. Ltd., Chennai*

Jan 2025 – Feb 2025

- Developed a Medicine Recommendation System using Machine Learning.
- Built and trained disease prediction models using Python and Scikit-learn.
- Applied Python-based AI techniques to a healthcare domain problem, enhancing practical application development and problem-solving skills.

PROJECTS

Intelligent Agriculture Decision Support System Using AI

Python | Flask | Machine Learning | Deep Learning | HTML | CSS | JavaScript

- Developed an AI-powered agriculture platform for soil analysis, crop recommendation, disease detection, fertilizer planning, and weather-based farming support.
- Integrated Machine Learning, Deep Learning, and LLM-based recommendation systems into a Flask web application to provide real-time agricultural insights and decision support.

Medicine Recommendation System

Python / Scikit-learn / Pandas / NumPy / Flask

- Developed a symptom-based disease prediction engine and automated medicine recommendation system using multi-class classification.
- Engineered full ML pipeline: data acquisition, preprocessing, feature selection, model training, evaluation, and Flask API deployment.

RAG-Based Company Policy Chatbot

Python / RAG / NLP / Flask

- Developed a RAG-based chatbot using Python and Flask to provide accurate answers from company policy documents through intelligent information retrieval.
- Implemented document indexing, semantic search, and context-aware question answering to enhance knowledge accessibility and user experience.

EDUCATION

Bachelor of Technology (B.Tech) – Information Technology

2022 – 2026

Sathyabama Institute of Science and Technology, Chennai | CGPA: 6.88

Higher Secondary Education (12th) — Computer Science

2020 – 2022

Model HR Sec School, G.Ariyur, Kallakuruchi | Tamil Nadu State Board | Percentage: 66%

PUBLICATIONS

- **The Power of Artificial Intelligence** – Self-Published AI e-Book (2026)
Authored a beginner-friendly AI e-Book covering Artificial Intelligence (Tanglish Edition), Machine Learning, Deep Learning, Generative AI, Large Language Models (LLMs), Prompt Engineering, and Retrieval-Augmented Generation (RAG) with practical examples and structured learning.

CERTIFICATIONS

- Full Stack Python Development Certification – I5 Technologies Private Limited.
- Introduction to Generative AI Certification
- Machine Learning – Dimensionality Reduction Certification (*IBM Cognitive Class*)

ACHIEVEMENTS

- Published a research paper titled *"Intelligent Agriculture Decision Support System Using Artificial Intelligence"* in an international journal.
- Authored and self-published the AI eBook *The Power of Artificial Intelligence*, making AI concepts accessible to beginners through simple Tanglish explanations.
- Successfully completed internships in **Data Science** and **Artificial Intelligence**, gaining hands-on industry experience.
- Conducted a **Graphic Design Workshop** for students, sharing practical design knowledge.

AREA OF INTEREST

- Artificial Intelligence & Generative AI
- Machine Learning
- Full Stack Development
- Data Science & Analytics
